

Program	Program PHARE 2007/19343.07.01
Project title (ENG):	Harmonization of Romanian agricultural and environmental statistic with European norms and standards
Project title (RO):	Armonizarea statisticii agricole și de mediu românești cu normele și standardele europene
Duration	2009-2010
Team leader	Senior Researcher Chem. Liliana Cruceru
Summary (short description) ENG	<p>For reporting the data concerning the situation of dangerous substances in Romania to EUROSTAT were proposed different methods of calculation and the necessary metadata for 5 statistical indicators: indicator for dangerous substances production, indicator of consumption, indicator of transborder transportation, toxicity indicator and indicator for risk characterization.</p> <p>The indicators were calculated based on the existing data at national level, from PRODROM and COMEXT situations and the obtained values were compared with the values reported by the other EU countries.</p> <p>Was organized a statistical investigation concerning the stage of application, at national level, of REACH Regulation requirements for dangerous substances</p> <p>The data obtained in the project were reported to EUROSTAT.</p>
Summary (short description) RO	<p>In vederea raportarii la EUROSTAT a datelor referitoare la situatia substantelor periculoase din Romania s-au propus metode de calcul si metadatele necesare pentru 5 indicatori statistici: indicator productie substante chimice, indicator consum aparent, indicator transport transfrontalier, indicator toxicitate, indicator caracterizare a riscului.</p> <p>S-au calculat acesti indicatori pe baza datelor existente la nivel national in nomenclatoarele PRODROM si COMEXT si s-au comparat valorile obtinute cu cele raportate de celelalte state UE.</p> <p>S-a organizat o ancheta statistica privind modul de aplicare a cerintelor Regulamentului REACH, privind chimicalele, la nivel national.</p> <p>Datele obtinute in cadrul proiectului au fost raportate la EUROSTAT</p>
Dissemination of results
